Got Gas? We Don’t! Welcome to the World of Battery Tools – Andrew Gollnick, Isabel Krueger

Can a tree crew really preform all tasks solely with battery tools? Yes! From full days of pruning, to large tree removals, battery tools get the job done. There will be a two part presentation on the different solutions with explanation of the tools and practical application on the demo tree.

Presenter Bios –

Andrew is a ISA certified arborist, CTSP, and business owner with over 17 years of experience in the industry.

Isabel Krueger is a forestry grad of UW-Stevens Point. She became a certified arborist in 2023 and continues to build her climbing and felling skills, learning from the many talented arborists around her.
